I've got an iPod with a lot of music inside. I don't play any instrument, but my brother would like to play guitar. He will buy one by the end the year. I'm listening often to music, I like it so much: I like many different music styles. During weekend, I often use my mixing table to create new remixes. My favorite singers are Maître Gims and Stromae.

I love sport.

I have always done sport since I am four years old.

I am very sporty I do rugby on Wednesdays and Fridays for the third year.

Before I played tennis, table tennis and golf.

I often play rugby in my garden with my brothers.

My favorite rugby team is the Stade Toulousain and my favorite players are Vincent Clerc and Yoan Huget.

When we stay at home for the week end I like biking with my family.

During the winter I like skiing and during the summer I like surfing in the Ocean.

Regarding the music, I like the vintage music and I don't really like the modern music.

I do not play an instrument because I would like to play the drums but my mum thinks it's too noisy !

The sports in "School of St J-B of salle "

In every class there are lot of sports : basketball, dance, table tennis, tennis, squash, swimming, badminton, athletics, and in end of year there is a tournament of football with pupils and supervisors*.

Me, I detest the rackets sports because I'm very useless but I prefer athletics and basketball.

Every this sport is very good because physical education's teachers is very nice. In my school there are four teachers of phisical education : Mrs Aubert, Mrs Cadoret, Mrs Mari and Mrs Magro.

Sport in college st Jean-Baptiste de la Salle

In the st Jean-Baptiste de la Salle college there are many activities for different classroom like football ,badminton ,dance ,volley-ball and a lot of others activities with many teachers (like Mme Aubert, Mme Cadoret, Mme Marie) !

My favorites sport in the college is football and badminton because it's easy to understand and play.

The dances, gymnastic and running are difficult for me because I am neither flexible nor fast.

Some boys don't like the sport in the college (like dance) because it's don't interest them.

A lot of girls like do dance or badminton but many girls don't like football because they don't want to mess.

My Holiday

I want to speak about my « Toussaint » Holiday. During this Holiday, I went to Port-aventura to celebrate Halloween. I did a lot of attractions : dragon kan, Shambhala (the biggest russian mountains of Europe). It was scared but funny.

The most impressed attraction was the tower « Urcan condor », I was afraid to do it ! It was funny. After, it was difficult to come back to school.

MUSIC IN MY LIFE

I have an iPod and that's very good for listening to music. And also I have a piano, so I like playing the piano. I play a lot of beautiful pieces.

My favorite is "Oceano" of **Roberto Cacciapaglia**. I love hard pieces, because they are often beautiful, and so, I make a lot of progress.

I don't like classical music except a certain style: movie music. Last year, I played "la valse d'Amélie Poulain" or "La dispute", these pieces are famous because the composer is **Yann Tiersen**.
